Bewilder	1 Hate	The TN to hit a companion this round does not consider his Parry rating (consider only the TN of his chosen stance)
Commanding Voice	1 Hate	Restore one Hate point to all creatures of the same kind (not including the creature using the special ability)
Craven	-	If at the beginning of a round the creature is found without Hate points, it flees
Denizen of the Dark	-	While the creature is in the dark its Attribute level is doubled as far as all rolls are concerned
Dreadful Spells	1 Hate	One companion must make a Corruption test. On a failure, he gains a Shadow point and suffers the effects of the creature-specific spell
Fear of Fire	-	The creature loses one point of Hate at the end of the first round of combat fought against a direct adversary wielding a torch or other sort of burning item
Fell Speed	-	The creature can choose which hero to engage at the beginning of every turn (also when in inferior numbers), can attack heroes in any stance, and can choose to abandon combat at the beginning of any round
Foul Reek	-	Heroes engaged with the monster cannot attempt any action different from an attack (including combat tasks)
Great Leap	1 Hate	The creature may attack any one companion, in any combat stance including rearward

No Quarter	1 Hate	If the creature knocks out a character, it may attack again using a secondary weapon: on a great or extraordinary success the target is killed outright
Savage Assault	1 Hate	If the creature's main attack has rolled a great or extraordinary success, attack the same target again using the creature's secondary weapon
Seize Victim	-	If the creature's main attack is successful, the target cannot change stance and sees its Parry rating halved (rounding fractions up). The seizing creature cannot attack with its main weapon as long as it is seizing the target (but can freely use a secondary attack if it possesses one)
Snake-like Speed	1 Hate	When a hero has rolled for an attack against the creature, double its basic Parry score (not including a shield): if the rating is now higher than the roll, the attack misses
Strike Fear	1 Hate	All companions must make a Fear test (TN 14, unless specified differently)
Thick Hide	-	When the creature rolls a great or extraordinary success in a Protection test, the attacker drops his weapon (it may be recovered spending an entire action)

Interaction	The main part of an encounter. Usually, only heroes who were properly presented during Introduction may now propose actions	**Insight** to observe and evaluate; **Inspire** to address crowds and uplift spirits; **Persuade** to make a point; **Riddle** to gather information; **Song** to garner approval

At the beginning of an encounter the players should focus on an objective and choose their course of action accordingly

3.3 Evaluating the Outcome of an Encounter

| Average successful rolls	Degree of Success	Description (to be based on situation)
0-1	Narrow Success	Something didn't go as well as hoped: the companions got what they were looking for but at the price of some unexpected complication
2-3	Success	The companions achieved the goal they set for the encounter, but nothing else
4-6	Great Success	The companions succeeded beyond their expectations, and some additional positive consequence is added to their reward
7+	Extraordinary Success	The company succeeded admirably and the outcome of the encounter is surprisingly positive

At the end of an encounter, count the number of successful rolls (a Great success counts for two successes and an extraordinary result for three)

"There is nothing like looking, if you want to find something."
